TAFT ELECTED

HAS 309 ELECTORAL VOTES AND PERHAPS MORE

Bryan Carries Nebraska and the Solid South—California Piles Up a Tremendous Majority for Taft and Sherman—Los Angeles County Elects All Republican Candidates

The election that occurred last Tuesday resulted in the third defeat of William J. Bryan for the presidency and in the election of William Howard Taft, to take office on the fourth of March next. No landslides occurred and not many great surprises to those best posted in regard to political affairs and the sentiment of the people at large. The campaign was in many respects a repetition of the two former ones in which Mr. Bryan was the candidate of his party, in one particular the conditions were the same, he was stronger in the beginning than at the end of his campaign. It has been clearly demonstrated by the result last Tuesday that the majority of the people of the United States regard Mr. Bryan as a theorist without the essential qualities of a statesman which would make him a safe guide in practical affairs.

Perhaps the greatest surprise of the contest was the result in New York state. The Republicans expected to carry the state for Taft by a small majority and it seemed as if Hughes would be defeated by Chanler, but the event showed that Tammany had proved untrue to the Nebraskan and had traded Bryan votes for Chanler who ran far ahead of the head of his ticket, but not sufficiently far to beat Hughes. Last reports show that Greater New York gave Taft a majority of 15,645, an unprecedented victory for the Republican ticket. West Virginia and Missouri finally landed in the Republican column by small majorities and as we go to press there is still some doubt in regard to Maryland.

Locally.

Every Republican on the ticket is elected in Los Angeles county. McLachlan, against whom a vigorous campaign had been waged by his op-

ponent, Jud Rush, ran somewhat behind his ticket, but has a majority of about twelve thousand.

The supervisor contest in this district was the most interesting of any probably in which our people were concerned. Mr. Schwamm, the Democratic candidate, like his leader at the head of the ticket, conducted a vigorous campaign which appeared very effective in the beginning, but did not seem to hold out in results for Mr. Pridham is elected by nearly a thousand majority.

In Glendale there were 489 registered voters, 400 votes being cast. The count was as follows: Taft 210, Bryan 109, Chafin 50, Debs 26, Higgen 5, McLachlan 211, Rush 142, Pridham 232, Schwamm 118. The numerous amendments on the ballot made the task of counting a serious one, and the election officers were on duty from 6 a. m. to 8 a. m., when the count was complete. In some other precincts the count was not completed until noon. The Democrats depended in the supervisor contest upon a split in the Republican ranks, which did not materialize. There was considerable scratching on both sides on the supervisor vote, but the unfair tactics engaged in by the Schwamm workers in the last days of the campaign when they circulated some untruthful literature about Pridham, does not seem to have accomplished its object. The Prohibitionists, doubtless, gave Pridham their almost unanimous support, there was nothing else they could consistently do, as it was very evident that the breweries and saloon element were backing Schwamm. The fight being over citizens of all political complexions are going to work good naturedly, to get their share of the "Taft Prosperity," of the coming of which there are already abundant signs in the sky.

HIGH SCHOOL NOTES.

The second league game of basketball was played at Alhambra last Saturday between Glendale and Alhambra, resulting in victory for Glendale by a score of 66 to 13.

On Tuesday the 3d the Girls Basketball team played a practice game with the South Pasadena team, resulting in a score of 27 to 16 in favor of Glendale, the game taking place at South Pasadena. Miss Goode, the captain, did some exceptionally good work as forward.

Miss McLean has been appointed manager of the suburban section of the girls basketball league. The first game will be played Dec. 5th.

Wednesday last the boys basketball team played a practice game with the Harvard school team in Los Angeles. Although the Glendale boys played well they were not quite equal to their opponents, the score being 29 to 23, favor of Harvard.

Lester Adams, a former pupil, visited the school this week. He is obliged to be absent this year on account of health, but hopes to return and complete the course next year.

Miss Knepper, head of the English department, spent Thursday of this week visiting schools in Los Angeles. The exercises of laying the corner stone of the new school building, will probably occur in about three weeks, as soon as the first floor is laid.

Mr. Bailey, of the Allyn and Bacon Book Company, visited the school Wednesday last.

THEN AND NOW.

In 1781, Sept. 19. The surrender of Cornwallis, which ended the Revolutionary war, took place at 2 o'clock in the afternoon. The whole British army was drawn out in an open field, and 7247 English and Hessian soldiers laid down their arms and delivered their standards. 842 sailors were also surrendered. Seventy-five brass and thirty-one iron guns were taken, together with all the accoutrements of an army.

General Washington sent the news by a swift rider to Congress in Philadelphia. On the evening of the 23d, four days after, the message arrived. When the sentinels of the city called the hour of ten that night, they added, "and Cornwallis is taken." Next day when Congress assembled and the dispatch of Washington was read, the members "exulting and weeping for gladness, went in concourse with the citizens to the Dutch Lutheran church and turned the afternoon into a thanksgiving. The note of rejoicing sounded through the length and breadth of the land.

The distance from Yorktown, the scene of the historic surrender, to Philadelphia, was not more than 250 miles in an air line, though, doubtless, considerably greater for actual travel.

1908, Nov. 3. The news of the election of president went throughout our land, and to other lands, on the same night; and the searchlight on Echo mountain gave the essential results to a wide territory at 10 p. m.

PROHIBITIONISTS WILL RATIFY.

To the Prohibition Voters of Glendale:

You are to be commended for the encouragement given our cause in polling a vote of fifty for Eugene W. Chafin, out of a total of 402 votes cast in our precinct. We are glad to find that so many realize that the Prohibition party stands for this issue and place it paramount, i. e., a sober and God-fearing nation. Our platform this campaign had so many excellent features in addition to the prohibition plank, that many men who gave the party fair consideration were convinced that might does not make right, and that a vote cast for our ticket was not wasted, but must count as a boost for advancement toward better government.

The next campaign begins at once with the Prohibition party. Every prohibition voter is urged to meet with us at the old city hall, at 7:30, Monday evening, November 16, to begin to plan for the election four years hence.

Old party voters who wish to study the matter with us will receive cordial welcome. Ladies are invited. Speeches will be made on what the "Campaign Just Passed Has Taught Us," by members of the league.

Prohibition League of Glendale.

M. Z. REMSBURGH, Pres.
G. W. JOHNSON, Sec'y.

NOTICE.

There are a few whose subscriptions to the car line have not been paid into the Bank of Glendale, and to accommodate them Mr. Goode has extended the time to November 12th, when it is expected all will be in.

Local Happenings

Watch the Alpha Club. It is preparing to do things.

Mr. and Mrs. James A. Farrell of Los Angeles were on Saturday dinner guests of Mr. and Mrs. Pulliam.

Miss Eva Booth of Los Angeles is the house guest of her sister, Mrs. Clarence J. Newcome of Glendale ave.

Don't forget to be at the "Union Depot" tonight. Great doings.

Mr. and Mrs. J. G. Hunchberger were on Tuesday dinner guests of Dr. and Mrs. Hummelbaugh in Los Angeles.

Mrs. Almee Bailey having completed a very pleasant trip to San Francisco spent last week with her parents, Mr. and Mrs. Barager, Cedar street.

The performance to be given by the Alpha Club on the 25th promises to be something unique.

Miss Lillian Shropshire has resigned her position in the Barabie Dental parlors to accept a very good position in Los Angeles.

Mrs. Frank Taylor and family have moved into their new house, a California bungalow, near the West Glendale school.

You must be at the "Union Depot" tonight or you miss the chance of your life.

Mrs. Harry Livingstone, an evangelist from Chicago, will be the house guest for the winter of Mrs. L. J. Hodge on Olive street.

Mrs. Bennington, wife of Mr. Bennington of the Central Meat Market, has been seriously ill since Sunday last, but is reported improving.

A vaudeville performance by the Alpha Club, which takes place on the 25th, ought to be something great. See it.

Friends of Mr. E. D. Goode are circulating a petition in his behalf asking for his reappointment to the position of roadmaster which he now holds.

Five carloads of lumber came into Glendale Monday afternoon over the Salt Lake road. This is a pretty good reminder of the fact that there is something in Glendale.

Just look at my new hat! It will tell you whether I am in the first, second, third or howling fourth year at the High School. G. U. H. S. means a lot in this town.

The Alpha Club will give a vaudeville performance and dance at I. O. O. F. hall, Hurt block, Wednesday, November 25th. Admission 25 cents.

"Union Depot" at 8 p. m., Odd Fellows' Hall, Hurt block. Bring 25 cents.

Mrs. M. O. Ryan entertained on Saturday evening and Halloween games and stories were indulged in. Hot popcorn, red apples and other good things appropriate to the season were served.

Miss Minnie Kennedy has returned from Los Angeles to again take up her residence on her property on Second street, formerly "The Priory," and recently occupied by Mr. Vesper and family.

Mr. Eugene Sinclair arrived from Maine last Monday on a visit to his brother, Mr. F. R. Sinclair, city street superintendent. The brothers had not met since Eugene was a boy of 12 years of age.

The best entertainment ever given in Glendale. The Williams Jubilee Singers at Masonic Hall December 16th.

Mrs. E. A. Low and two children, of Butte, Montana, arrived in Glendale Friday evening, and will for some time be the house guests of Mr. and Mrs. H. L. Bulkeley. They will probably spend the winter in Glendale.

Mr. Vesper and family have taken possession of their new home in Lomita Park. On Saturday night Mr. and Mrs. Vesper and their daughter, Mrs. Nordane, and her little son, Lewis, were dinner guests of Mrs. Eugene Pitcher.

Mr. W. H. Maginnis and wife, from Lake Charles, La., are on a visit to Mr. and Mrs. D. A. Talbutt of Sycamore Canyon. Mrs. Maginnis is a niece of Mrs. Talbutt. Mr. Maginnis is a prominent contractor and builder of Lake Charles.

Misses Abbie and Gertrude Ward entertained on Friday evening for the young people of the Christian Endeavor Society. The hospitable "Manse" was very spookily decorated with jack-o'-lanterns and things suggestive of Halloween.

"Where did you get that hat?" is frequently asked nowadays of the Freshies, Sophs, Juniors and Seniors, as each division is sporting a brand new school hat of a distinct variety. Even the faculty dissipates—when it comes to hats!

The Thursday Afternoon Club met at the home of Mrs. Edward Ayers, last Thursday. The talk on Scholarship work by Mrs. E. B. Root was the principal feature of the program and was a very bright and interesting effort, deserving a much more extended notice than we are able to give, occurring as it did just about press time.

Dr. Matthew Campbell, who made many friends during his short stay in Glendale and is now located near Mon-

terey, sprang a surprise upon his friends here when it became known that Thursday last was to be his wedding day. The lady came on from Philadelphia and met the doctor at Paso Robles, where the ceremony occurred.

The greatest aggregation of historical talent that Glendale has ever seen, will appear tonight in "Union Depot."

The Miradero Pharmacy has changed ownership. Mr. C. D. Messerly selling out to Mr. J. J. Nesom, late of San Diego. Mr. Nesom has faith in the future of Glendale and his family will move here as soon as satisfactory arrangements can be made for a home. Mr. Messerly will remain in the store for the present.

Mr. E. J. Harper, city forester of Los Angeles, will address the Tuesday Afternoon Club at their next Tuesday at 2:30 p. m. in the Odd Fellows hall, Hurt block. Mr. Harper is an eloquent and enthusiastic speaker on this topic and the ladies are anxious that as many of our people as possible may hear him. Everybody cordially invited.

Guests of Dr. and Mrs. Robert Blackburn of Second street last week were Mrs. Blackburn's brother, Mr. C. F. Royce, his wife and two sons, Harold and Dick, from Chicago, where for a number of years Mr. Royce has been identified with the Chicago Tribune. He has accepted a position on the "Examiner" in San Francisco, where they will live.

Keep the date in mind: December 16th. Williams Jubilee Singers at Masonic Hall.

Among the quite numerous recent returns from their summer's visit to the "old home," were Mr. and Mrs. Wm. Lee, who have been absent from Glendale for the past two months visiting Iowa. They were accompanied here by their granddaughter, Miss Genevieve Gannaway, of Atchison, Kas., and their nephew, Mr. William Weller and wife. The newcomers will probably spend the winter in Glendale.

The NEWS is in receipt of some of the literature and copies of gospel songs used by our old friend and neighbor, Mr. Thomas Hezmalhalch, in his missionary work in South Africa. The letters give accounts of wonderful work being accomplished there by him and his co-laborers, in the way of healing the sick, giving sight to the blind, etc. Being posted at Natal, as it had been previously given in the Boston Browning Society. A few bright limericks followed the close attention which had been given Mrs. Tufts' lucid discourse and the afternoon was most enjoyable.

On Thursday afternoon, when Mrs. H. O. Brooks of Louise street entertained members and guests of the Glendale Study Club, a feature of the program was a paper on "The Ring and the Book," given by Mrs. Tufts, as it had been previously given in the Boston Browning Society. A few bright limericks followed the close attention which had been given Mrs. Tufts' lucid discourse and the afternoon was most enjoyable.

On Wednesday evening the Rebekahs held their first meeting in the new hall, and entertained their grand president, Lizzie D. Coombs. District Deputy President Ada Maddison. Many kind words were given in praise of the beautiful work presented in their honor and to Ada Maddison, who instituted Carnation Rebekah lodge, the progress of the little lodge was especially pleasing. Refreshments were served after closing and a generally pleasant time enjoyed by all.

Master Harry Croker made things pleasant for a few hours. Halloween night for a number of his little friends who at seven o'clock descended upon him unawares. A pumpkin parade "out in the dark" was followed by the good times his mother had planned for the young people. A huge pumpkin was filled with gifts which were shot with arrows, each child hitting a numbered present was entitled to it; so they each hit two. Souvenirs were plink bon bon baskets.

The Williams Jubilee Singers at Masonic Hall, December 16th. Don't miss them.

Monday morning last occurred quite a bad runaway on Brand boulevard near Chestnut street. One of Logan's horses attached to a delivery wagon, became frightened at a car coming up behind, and ran away full tilt, completely overturning the wagon and spilling a few groceries promiscuously on the road. It furnished quite an excitement for the residents in that section, as it careened around the corner of Chestnut, dragging the weight with only the two front wheels bumping along behind, but was stopped before it went many feet. The wagon was pretty badly wrecked.

Mrs. Tufts has rented her house, furnished on Louise street, to Mr. and Mrs. Howe, formerly of Los Angeles. On account of her son, Dr. Edward A. Tufts, osteopath, having established an office in Pasadena, where he has a rapidly growing business, it was found more convenient to live there, and they have taken for the winter apartments at the "Avon," Pasadena, No. 140 Wooster avenue. Mrs. Tufts leaves a large circle of admiring friends. She is a writer of marked ability and was instrumental in organizing the Glendale Study Club, of which she was president. Dr. and Mrs. Tufts were well known in Country Club circles where they will be greatly missed.

Saturday evening, Oct. 31st, the Baptist church gave a Halloween party at

the residence of Mrs. Cole. Third and Mary streets. It was quite a unique affair throughout, typical of the eve it represented.

On entering, the guests were met by very realistic ghosts, who acted as a reception committee. Music and games made the evening a very enjoyable one, and the decorations of witches and cats heads, done by artists, and pinned around on the draperies and walls, added to the general fun. Then, when the lights were all extinguished, the witch came in, and chanted weird rhymes as she stirred the burning cauldron, like unto Macbeth's witches, the effect was—to say the least—rather eerie. Refreshments were served, and all voted it a success, as they took leave of their hosts.

Mr. Walter C. Rich and wife, who have spent the last four months in Massachusetts, principally in their old home, Boston, returned to their Glendale home a few days ago. They report a very dry summer in Massachusetts, there being only two rains during their stay, and the country being as dry in appearance as California. Mr. Rich is enthusiastic over the condition of the roads around Boston, under the system maintained by the state, resulting in the finest highways imaginable, with the automobilists kept in restraint by a thorough policing of all main traveled roads. While there was no particular evidence noticeable of "hard times," yet the tendency of large concerns to hold back from giving orders until after the election, seemed to be generally understood. The weather had become windy and for twenty-four hours or so in passing through the middle west a snow storm prevailed.

HALLOWEEN AT THE COUNTRY CLUB.

One of the most enjoyable entertainments ever given by the club, occurred last Saturday evening which was entirely in keeping with the old time-honored festival and its traditions. The pumpkin fields of the country round had been industriously gleaned for a collection of that ponderous vegetable so suggestive of pies and when artistically carved, of the human head-piece. A special artist loaned by the Emperor of Japan for the occasion wielded the carving knife with such almost superhuman skill that when a half dozen products of his handiwork were placed upon the mantelpiece it required no label to tell the acute observer that here was the very counterfeit presentment of the directors of the club. In the porch and distributed about the spacious rooms were "Jack o' Lanterns" grinning and luminous, and a "sheet and pillow case party" and the ghostly specters began their Terpsichorean performances at 8:30 to the music of a fine orchestra. Fun was fast and furious until 10 o'clock, when disguises were removed and the dancing and merriment continued until midnight.

YOUNG PEOPLE ENTERTAIN AT ODD FELLOWS HALL.

Last Saturday night at the new Odd Fellows Hall, the "Methodist" young people entertained the boys' class of the Presbyterian Sunday School and they seem to have done it in the best style. All were masked until the Grand March took place, then followed promenades and other amusements of various kinds which made the evening pass along too quickly. Many of the costumes and disguises worn were notably good. Some of the best masks were as follows: Gypsy, chinaman, sailor, tramp, queen of hearts, Western girl, Puritan girl, blockhead, clown, Greek girl, etc. Guests had their fortunes told, all rolled up in nut shells. For refreshments there were pumpkin pie, apples, candy and coffee. Altogether it was one of the jolliest parties of the season.

SENIOR CLASS PARTY.

The Halloween party, given by the Senior girls of the High School to the class and faculty, at the home of Margaret Eddleman, Friday evening, was a very enjoyable affair. Pumpkin faces, ghouls and fantastic, leered at the guests from all corners. Each young man by following a string to the end, found his partner. After talking with her five minutes, he was asked to write a description of her. The descriptions were read by Mr. Howe and were as interesting in what they hardly dared to say, as in what they admitted. Thrilling fortunes were told by a strolling gypsy, who afterwards was found to be Miss Moore. The prize for punning on the jack cat's tail was won by Elizabeth Johnson. Before departing, the guests were given hand-painted pumpkins and bat cards as souvenirs of a very jolly evening.

HOUSE NUMBERS.

Our people are again reminded that house numbers only cost five cents apiece. Apply to the city clerk for your correct number. A census of the city is to be taken soon and will be incomplete if this matter is neglected, while the free postal delivery for our city also waits upon this action on the part of householders.

GLENDAL, CAL., NOVEMBER 7, 1908

The Los Angeles Public Library is now located on the third floor of Hamburger's department store. It has neither a separate elevator nor other feature to distinguish it from one of the departments of the concern that occupies the rest of the building, and for the privilege of being honored in this atmosphere of commercialism the city is said to pay the sum of \$125 monthly. It would seem to a rank outsider that there are other things in addition to Owens river water, that a bond issue is required for in our neighboring city. A free library in quarters costing monthly the sum mentioned above, suggests that possibly Los Angeles is not being given a "business man's government" yet!

SIDEWALK TREES.

The city trustees at their meeting last Tuesday evening, discussed informally the subject of planting trees along the streets. City Attorney Metcalf stated that the law on the subject is similar to the law governing street improvements. The city authorities have power to have this work done, but arbitrary action in matters of this kind is not usually satisfactory and it would be better for the work to be done by some civic organization, or by co-operation of property owners along the streets to be improved. The city could assist such work very materially; could specify the kind of trees, the method of planting and even provide for their care. The forestry committee of the Tuesday afternoon Club are agitating this matter and there is not much doubt but that some work along this line will be accomplished during the coming season for tree planting. The talk of Forester Harper next Tuesday afternoon at the meeting of the club in Odd Fellows hall, should be heard by all who are interested in this subject and that should include all of our people.

MR. FREDERICK HARRISON ON THE WOMAN QUESTION.

In a recent book of essays, "Realities and Ideals," Mr. Frederick Harrison discusses the question of "Votes for Women," in a manner that is certainly philosophic and logical, but which reaches a conclusion that the advocates of "equal suffrage" will not agree to. He does not in the slightest degree detract from the mental and moral capacity of woman. He asserts his belief that if all occupations were open to them "a great many women would distinguish themselves," but adds that "in a corrupted state of public opinion a very large number of women would waste their lives in struggling for distinction."

He maintains that it would be impossible for women to enter into full competition with men and hope to maintain the moral ascendancy which centuries of civilization has secured them. Man would no longer regard woman as in any way his superior, but would look upon her as a competitor only and competition between the sexes could only end in the defeat of woman by reason of her inferior physical strength and lack of endurance.

"Their very qualities of heart and brain, their tenderness, unselfishness and refinement of organization would be a hindrance to them in the fight; the harder, stronger, less affectionate sex, free as men are from the handicap of periodic nervous prostration, would reassert their old brutal reign of force."

"The barbarism of earlier times would return, and the personal ambition of a few unwomanly women would have plunged their sex again into the horrible slavery of a subject and despised order."

THE RESULT.

Chosen by the untrammelled popular vote of his fellow citizens, William Howard Taft has been elected president of the United States for the term of four years from March 4th next. From the day of his nomination until the completion of the count of the ballots, there existed no good reason for doubting this result—it was only a question of majorities. He appeared before the people as a man who had done many things within the scope of the public vision, in the

service of the nation, and done them well. Never since the early days of the republic, has a candidate for the high office of president, been presented to the people for their suffrage, so splendidly equipped by nature, education and great accomplishments.

The unworthy effort to make it appear that he was a mere puppet controlled by Roosevelt, was so thoroughly refuted by the history of his public life, that it fell to the ground by the weight of its insincerity. We have been among the sincere admirers of Theodore Roosevelt ever since he first appeared as a national figure, and no act of his more effectually commands our admiration, than his consistent and persistent refusal to be a candidate for a third term. He proved by this action his wisdom and unselfish patriotism. But it is in no sense detracting from his claims to that high place in the temple of Fame which history will accord to him, to express our belief that the time has come, when another hand than his should take the helm of the ship of state. His was the great dynamic power that upset precedents and shattered some theories of almost divine right, but he left them shattered with their perhaps invaluable parts scattered promiscuously over the landscape. It is time now for a master builder who will assemble the various parts, the valuable materials which lie formless and inert, and build of them a more nearly perfect structure; not flawless, for it will be human, but suited well to our present needs and having in it the possibilities of greater things in that age of which the poets dream, when

"The war drum throbs no longer,
And the battle flags are furled
In the parliament of man,
The Federation of the world."

WHO FIRST NOMINATED TAFT?

The Los Angeles Times in last Sunday's issue said: "We were among the first Taft advocates, if not the very first. We were actually the first in this nation where our sphere of influence centered where our sphere of influence centered." In last Wednesday edition, the Evening Express refutes this assertion, as follows:

"At that time, and later, the journal which now erroneously claims to have been among the first Taft advocates, and 'actually the first in this section,' was industriously advising its readers that there were other candidates quite as desirable. As witness this editorial, printed September 30, 1907:

"In the face of the signs of the times it looks rash for any prophet to be on any side except that of Taft. But it is almost a year before the nomination is made and great changes sometimes sweep over the country. Cannon will have his state, and a worthy 'favorite son' he is. Hughes says he is busy performing his duties as governor of New York, but, like the sincere man that he is, he acknowledges that he would not shut the door in the face of a delegation coming to tell him that he had been nominated for the presidency. It is far from impossible that New York will present the name of her distinguished chief executive to the republican national convention. The Keystone state will come in with Knox, and no one knows how many other states will have a first choice. Unless there are enough votes to name a man on the first ballot there is no guessing how things may break up."

Having disposed of the Times in this manner, the Express proceeds: On September 4, 1907, to go no further back than that date, the Express said editorially:

"At this time the nomination of Secretary Taft appears a foregone conclusion."

Those who stand with Roosevelt, those who believe in the policies of government which have come to wear his name and desire them to attain their fruitful development, all such will give the emphasis to action to conviction and take up Taft's cause at once."

On September 7, 1907, the Express reaffirmed its position, thus:

"The Express favors the nomination of William H. Taft."

The Express and the Times, both being shown as above, not to have come out for Taft previous to Sept. 1907, we call the attention of our contemporaries, large and small, to the fact that this paper in its issue of January 26th, 1907, made the clear and unequivocal announcement in its editorial columns, "Therefore it is with sincere and proper enthusiasm that we nominate William H. Taft, of Ohio, for president of the United States."

That the GLENDAL NEWS did not name W. H. Taft as its candidate at a still earlier date, is due to the fact that the present editor was not connected with this paper until three weeks previous to the editorial announcement above quoted. If any other newspaper in California, has a record showing it to be entitled to the credit we claim of being the first newspaper in the state to have named William H. Taft as its choice for the presidency of the United States, we shall cheerfully publish the fact when the evidence is presented.

THE EARTH'S ATMOSPHERE.

The atmosphere which surrounds our earth may be described as a vast ocean of gas, at the bottom of which we live. Invisible, without smell, taste or color, yielding with the utmost readiness to the slightest movement of our bodies, it gives little direct evidence of its existence, yet from the cradle to the grave we are literally dependent on it for every breath we draw. It probably extends many hundreds of miles in every direction above the earth, being denser over the lower portions of the earth's surface, and becoming lighter, or more rarified, and therefore less fit for respiration, as we ascend, until beyond five, or at most six miles above the earth, life would be impossible. The atmosphere exerts an average pressure of fifteen pounds on every square inch of the surface, land or water, and on everything on the earth, this of course, is the weight of the air, and if we find the number of square inches of surface of the terraqueous globe, and multiply it by fifteen, we shall get the total weight of the earth's atmosphere in pounds. On a square foot the weight is over a ton, and it would act with crushing effect on our bodies, were it not that the pressure, operating in all directions, produces an equilibrium. The blue appearance of a clear sky is due to the fact that the atmosphere absorbs the red and yellow rays of the sun and reflects the blue.

Air mainly consists of two free gases, nitrogen and oxygen, in the proportion of about four-fifths of the former to one-fifth of the latter. They are said to be "free" because they are not in chemical combination, but only in a state of mechanical mixture. In fact, nitrogen, being in itself, a most inert and negative element, really acts as a dilutant of the more powerful oxygen. The latter, being uncombined, is thus free to enter into combination, to support combustion and respiration. Here appears a marvelous adaptation, for oxygen is necessary to our lives, but only a certain quantity of it; therefore the necessary dilution. It is equally necessary that the diluting gas should not have any active properties, or it would be unsuitable for the purpose. The necessity for this dilution may be easily proved by igniting a small quantity of powdered sulphur on the end of a piece of iron wire, and plunging it into a jar of oxygen. Not only will the sulphur burst into a brilliant flame, but the iron wire will also burn with great energy. In an atmosphere of pure oxygen it would be impossible to extinguish flame, once the fire had started. Its effect on animal life would be equally disastrous; were the air undiluted oxygen, our life would be excited to a pitch of which we can scarcely dream, and would sweep through its feverish, burning course in a few days, were it undiluted nitrogen we could not exist a moment. Thus we see that, separately, either element would kill us, oxygen by excess, and nitrogen by lack of action. A mixture of the fiery oxygen and the inert nitrogen gives us the golden mean. The oxygen now quietly burns the fuel in our stoves and gives us warmth; combines with the oil in our lamps and gives us light; courses through our bodies and gives us strength; cleanses the air keeping it fresh and invigorating, sweetens foul water and makes it wholesome; works all around and within us a constant miracle, yet with such delicacy and quietness that we never perceive or think of it until we behold it with the eye of science. But this quietness is characteristic of all the great operations around us, and indeed of all the mighty forces of nature. Silent but swift in operation, inevitable and never failing, they offer a striking contrast to the fussiness, ostentation and vacillation of human nature. The two gases which mainly constitute the atmosphere being invisible they do not interfere with vision. They are also both tasteless, and without smell, so that no unpleasant effects are experienced by our having to live in them. In fact, if our noses give no evidence of any unpleasant odor, as unfortunately is too often the case, we may know at once that the air is vitiated and that we had better attend at once to nature's warning.

Another most important constituent of air is the vapor of water, which though forming only a small proportion of it, plays a very vital part in the economy of nature. It also is invisible at certain temperatures, and the quantity of water which can be absorbed by the atmosphere increases with rise of temperature, but when the latter is lowered the vapor of water will be precipitated in the form of clouds, mist, dew or rain. Steam is invisible; it is only on issuing from the funnel of the steam engine, or the spout of the tea-kettle, that the steam, coming in contact with the cooler air, becomes condensed into minute particles of water. Were the air perfectly dry, our bodies would become shrivelled up like a mummy, and leaves would wither as in an African Simoon. Rivers and streams flow to the ocean; yet all

their fountains are fed by the currents that move in the air above us. Water rises as vapor, flows on to colder regions, falls as rain, dew, snow or hail, and working as it goes whatever it finds to do, moistening a plant, or turning a waterwheel, wends its way back to the ocean. Thus Niagara itself must first rise to the clouds as vapor, before it can fall as a cataract.

Well might the psalmist of old, seeing the hand of God in all things, exclaim:

"O Lord, how manifold are thy works, in wisdom hast thou made them all The earth is full of thy riches."

X-RAY.

BULLETIN OF PROGRESS BY THE CALIFORNIA PROMOTION COMMITTEE.

October 31, 1908.

Careful estimates made by the California Promotion Committee show conclusively that San Francisco has passed the mark set in population early in 1906, which up to that time was the highest point reached and now contains upward of 507,000 inhabitants. That this increase is synchronous with a similar increase all over the state is shown by reports received from the Bay cities and from Los Angeles and all interior points, where the increase in population has been a steady and healthy growth during the past two and a half years.

While reports of the State Bank commission show a decrease in savings bank deposits, reports from all cities where such decrease is noted show a heavy increase in home building, the bank decrease going into permanent improvement. In addition to this home building in cities and towns there is noted a quickening demand for small farms in all parts of the state, and much of the money that formerly went into savings banks is now being invested in agricultural property.

Financial conditions throughout California are good, and considerable outside money is reported as coming in for investment in various industries.

First shipments of oranges are reported from the Sacramento Valley and indications are that the coming season will be noted for a heavy crop in all parts of California, the fruit having an especially fine appearance.

Crop harvest in all deciduous fruits is completed, practically, and was up to expectations as reported in previous bulletins.

The following summary gives California conditions from September 29 to October 28, inclusive:

S. Francisco	\$166,256,994.04	\$3,403,897
City	Bank Clear. Build. Per.	
Los Angeles	43,065,405.87	911,789
Oakland	7,185,825.97	618,443
Sacramento	4,082,807.50	92,572
San Diego	3,621,843.22	179,197
Fresno	2,736,948.92	
San Jose	2,310,401.75	
Stockton	1,910,755.11	112,200

San Francisco customs receipts: \$579,352.49; San Francisco building permits since the fire, \$119,539,289.00; San Francisco real estate sales, 700; value \$2,750,000.00.

Information given on all parts of California. Address The California Promotion Committee, San Francisco.

A DIRECTORY FOR GLENDAL AND VICINITY.

We shall begin in a short time the work of collecting data, securing advertising and subscriptions for a Directory of Glendale, Tropic and the adjacent territory, with the intention of completing the work by January first. This directory is to contain the names and postoffice address of every citizen of this section over eighteen years of age, and canvassers will also make a count of all the inhabitants of all ages. It will be a rather invaluable publication; no business man or firm can afford to be without it. A map of the territory covered will be a feature of the publication which will be a neat cloth bound book. The co-operation of our people is solicited. Additional details of the work will be given in subsequent issues of the NEWS. Meanwhile advertisers who wish to obtain the best positions, should give us their orders at once.

RIGGS & SHERER.

M. E. CHURCH NOTES.

Six united with the church last Sunday; twelve during the month.

Epworth League rally, for the purpose of reorganization, Sunday evening, 6:30. Let every young person of the congregation be present. Miss Elaine Anderson, district officer, will be present and deliver an address. She would like to meet the cabinet at 6 p. m.

Monthly official report meeting Monday night.

Business meeting of the Epworth League Tuesday night. Election of officers.

The Home department of the Sunday school has passed the one hundred mark.

Subject of morning sermon, "A Strong Church," evening, "Epworth League Motto." This will be a special address to young people.

The W. F. M. S. Thursday afternoon, 2 o'clock, in the church. Special program.

A Delayed Lay, Relaid
The Puzzled Voter.
Election day draws near again
And I declare I'm vexed,
I'm puzzled now and will be when
I vote on Tuesday next.

They've got so many candidates
With all sorts of complexion,
Who want to run the United States
That I'm in deep dejection.

For every one of them they say
Is smart as all creation,
And if he only has his way
Will surely save the nation.

There's Mr. William Howard Taft,
Our Teddy's friend and neighbor,
I've looked him over fore and aft
And felt inclined to labor

To get him all the votes I could;
He carries style and weight,
And if elected surely would
Fill well the chair of state.

But then they got a story out
About some act of his'n
Which made it sure beyond a doubt
He ought to be in prison.

Then I to Jennings Bryan turned
The silver-tipped and peerless,
He spoke with eloquence that burned
In accents smooth but fearless.

But soon I learned that he was not
Quite all that fancy painted,
He had of money made a lot,
And some of it was tainted!

Then Mr. Wheelgrease Higgs came,
The man who fought the dragon,
Of Standard Oil, with sword of flame
And left it scarce a rag on.

But he did his quietus get,
I saw that bubble burst,
Perhaps he isn't buried yet,
But certainly he's Hearst.

And then I turned to Eugene Debs,
As Israel turned to Moses,
But found that socialistic webs
No saving germ encloses.

So I'm without a candidate!
But stay, there's yet another;
I've somewhere heard that cruel Fate
Ambitions off will smother.

And so the prison walls confine
An "also ran" aspirant,
Who suffers punishment condign
By Court decree—oh tyrant!

Sad is his fate—Down with the laws,
To jail they have assigned him;
I'll vote for Preston. Why? Because
I know just where to find him!

HEALTH CONDITIONS AND WATER SUPPLY.

Some Useful Suggestions.
We have heard rumors to the effect that here are (or have been, recently) cases of typhoid fever in Glendale. It is not an alarming fact, if this is true. Typhoid is a disease which in these days of advanced medical knowledge, is easily controlled, and is not contagious. That is, it does not spread through the medium of the atmosphere. It is only infectious and is communicated from one subject to another only through the stomach; that is, the germs can only be taken into the system through the mouth, in food or drink, with a remote possibility only of inoculation by means of a fly or other insect bite. But a single case of typhoid in a community suggests possibilities of conditions dangerous to the general health. Where typhoid becomes epidemic it can generally be traced to the water used by the victims. It very rarely occurs that the general water supply is responsible for the attacks, unless the epidemic is wide spread. Usually when cases of typhoid occur in communities such as this, there is more or less talk about the water supply and a good deal of ignorance is likely to be exhibited on the subject. It is, therefore, timely to say something in regard to this. The water supply of Glendale is one of the best in Southern California, as regards permanency and quality. It rises from springs a short distance above the end of the Salt Lake railroad track on the old Verdugo property, now belonging to the Forest Grove Land company. It flows down in the open channel to the upper end of the Verdugo Canon Water company's pipe just west of the terminus of the railroad track, whence it flows in a main pipe until the point of division is reached on Judge Ross's place; thence in smaller pipes to the reservoirs. The quality of the water is of the highest degree of purity as it emerges from the earth after percolating through its subterranean channels from unknown sources, quite probably from snow covered mountains. The various reservoirs are kept in good condition, all but one of them being constructed of cement and that exception having only a small quantity of unprotected earth surface. One or two of the reservoirs are supplied altogether or in part by pumped water from deep wells, but the general supply is the canon water. It happens occasionally that complaint is made by water consumers about the character of the water which they use; they find vegetable growths in it and possibly at times it is unfit for use. We have no doubt but that similar complaints are made in every other community at times where water is used from a pipe system. The fault is not with the general supply, neither is it to be found in the reservoirs. The complaints will nearly always be found to come from some restricted section and investigation will show that it is confined to consumers on some particular lateral

line. The trouble in these cases is likely to be found in the fact that some particular section of pipe is not used enough or drained sufficiently to keep the water fresh. This is very likely to occur upon pipe lines of small diameter where the dip is downward from the main pipe. The water will not all run backward into the main, even if the latter should be empty, and can only be drained out at the end remote from the main. If there should be a vacant house at the end of this pipe, or if for some other reason, the water is not taken out at that end, stagnant water is sure to exist in nearby portions of the pipe. Schools, after a summer vacation, if situated at the end of a pipe system, are very likely to be subject to trouble of this sort and it should be carefully guarded against. This applies to houses generally where the water pipes have not been in use for some time, and the water should never be used until it is run off sufficiently to insure its freshness. Drinking water should not be taken anywhere from hydrants not frequently used. Hot water boilers should be drained out frequently, and every portion of a supply pipe for domestic water should be regarded as a possible menace to health through use of the water contained in it.

TUESDAY AFTERNOON CLUB INCORPORATES.

First Meeting in New Quarters.
Articles of incorporation prepared by the attorney for the Glendale Tuesday Afternoon Club, Edgar Leavitt, claimed first attention when on Tuesday the club convened for its first meeting in the new hall. Order was called by the president, Mrs. Edgar W. Pack, and in the absence of Mrs. Jessie Parker, who is at the bedside of her mother in Los Angeles, Mrs. G. E. Williams, acted as secretary pro tem. A large amount of important business details were disposed of as rapidly as was practicable in order to give Mr. Leavitt the floor. The requirement for incorporation called for half the membership vote and one more. Exactly half were present, and there ensued a lively skirmish for the remaining and all-important vote necessary. During a three-minute recess dues were paid by members not able to be present at the previous meeting, and by those who were in arrears. The required number of members being present, the vote for incorporation was unanimous and articles were prepared at once. Members expressed their satisfaction with the success of this important step, with their new and comfortable quarters, brightened for the day by masses of gay chrysanthemums and most of all by the bright prospect for a very profitable and interesting year. Important among reports submitted was that of Mrs. D. Winslow Hunt, speaking as chairman for the Forestry and Park Committee, outlining the winter's work; and also that of Mrs. J. C. Sherer, head of the department of Civics, who gave a brief synopsis of plans contemplated for the ensuing year. Mrs. James H. Wells, Mrs. J. N. Witham, Mrs. P. S. McNutt, Mrs. John Hawkins, Mrs. Ezra Parker, Mrs. M. McClure, Mrs. Burket, Mrs. J. L. Overton, Mrs. F. L. Church and others all took part in the discussion of the various important business topics brought before the body. Mrs. Eugene Pitcher was in charge of the decorations.

IN SOUTH PASADENA.

In making a beautiful city no one thing adds so greatly to the beauty as street trees. But to have the best result we must have some uniformity in our planting. A block lined on both sides with the same kind of tree is so much more beautiful than one where there are a number of different trees.
Compare Diamond street south of El Centro with some of the newer portions of the city where each property owner has set out his favorite tree in front of his lot. The result is, as many kinds of trees as there are property owners.
Last Monday night the owners of property on Windsor Place petitioned the Board of Trustees to make the Sterculia Diversifolia (Bottle tree) the tree for that street. They have set all of us an example that we will do well to follow.
The residents of Prospect street united on a street tree a year or so ago and now have the street planted uniformly for two blocks. More examples might be given, but these are sufficient to show that the spirit of doing what is best for the whole, instead of allowing personal liking to govern us, is spreading over South Pasadena.
We have one tree in Southern California that makes a greater impression on strangers than any other. The pepper tree. Mr. Harper, city forester of Los Angeles, recommends the pepper tree for street trees where parkings are broad and calls it "one of the most beautiful of trees." We have some streets with broad parkings. Can we not have an avenue of pepper trees? It would be one of the show places of South Pasadena.—Record.

RESOLUTION NO. 197. A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE ORDERING CERTAIN STREET WORK TO BE DONE ON ORANGE STREET.

The Board of Trustees of the City of Glendale do resolve as follows:
Section 1. That the street work herein described is required by the public interest and convenience, and the Board of Trustees of the City of Glendale, State of California, hereby orders the same to be done according to the specifications and plans adopted for said work, and under the direction and to the satisfaction of the superintendent of streets of said City, to-wit: First, That that portion of Orange street from the South line of Fifth street to the North line of Fifth street, (excluding such portions of said street as are required by law to be kept in order or repaired by any person or company having railroad tracks thereon) be graded and oiled in accordance with the plans and profiles on file in the office of the City Engineer and in accordance with Specifications for the construction of graded and oiled streets on file in the office of the City Clerk of the City of Glendale, said Specifications being numbered 7, except, however, that instead of following that portion of said Specifications contained on page 2, subdivision 4, of said Specifications, which portion reads as follows: "When the surface of the street has been thoroughly cultivated and prepared the first application of oil, consisting of one and one-fourth (1 1/4) gallons of oil per square yard of surface, shall be applied. This coat of oil shall then be thoroughly cultivated and incorporated into the four inches of loose surface soil. After a lapse of not less than twenty-four hours a second application of oil, consisting of three-fourths (3/4) of one gallon per square yard of surface, shall be applied. The second coat of oil shall be lightly harrowed into the surface in such a way as to retain this coat of oil upon the top for a wearing surface," there shall be followed in lieu of said above quoted portions of said Specifications No. 7, the following:

"When the surface of the street has been thoroughly cultivated and prepared, the first application of oil, consisting of one and one-fourth (1 1/4) gallons of oil per square yard of surface, shall be applied. This coat of oil shall then be thoroughly cultivated and incorporated into the four inches of loose surface soil and said street is to be kept thoroughly moistened at all times during the application of oil herein mentioned. After a lapse of not less than twenty-four hours a second application of oil, consisting of one and one-fourth (1 1/4) gallons of oil per square yard of surface covered, shall be applied and thoroughly cultivated and incorporated into the four inches of loose surface soil and likewise kept moistened as in first application. After the second application of oil is applied, the street shall be rolled with a smooth roller weighing not less than five (5) tons, until the surface of the street is uniform, smooth and hard. After said street is so rolled a third application of oil, consisting of half (1/2) gallon of oil per square yard of surface covered, containing not less than 80 per cent. of asphaltum, shall be applied to said street, as a surface covering, and a sufficient amount of clean sharp sand spread over the surface of the roadway sufficient to cover and absorb said oil, and then the roadway shall be thoroughly dragged, sprinkled, rolled and compacted."

Second. That a cement curb be constructed along each side of the roadway of said Orange street from the South line of Fourth street to the North line of Fifth street and from the South line of Fifth street to the North line of Sixth street in accordance with the Specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Glendale, said Specifications being numbered 2, except that the top of the street face of all curbs shall be placed ten (10) feet from the property line instead of the distance from the property line provided for in said Specifications Number 2.

Third. That a cement sidewalk, five feet in width, be constructed along each side of said Orange street from the South line of Fourth street to the North line of Fifth street and from the South line of Fifth street to the North line of Sixth street, said sidewalk to be constructed according to the Specifications for cement sidewalks on file in the office of the City Clerk of the City of Glendale, said Specifications being numbered 1.

Section 2. That the Board of Trustees of the City of Glendale find upon estimates directed to be furnished and furnished by the City Engineer that the total cost of said improvement will be greater than fifty cents per front foot along each line of said street, including the cost of intersections, and it is determined, in pursuance of an Act of the Legislature of the State of California, approved February 2, 1893, as amended by an Act of the Legislature amending said last named Act, which amending Act became a law March 2, 1899, that bonds shall be issued to represent the cost of said improvement. Said bonds shall be serial, extending over a period of ten years from their date, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year after their date, until the whole are paid, and said bonds shall bear interest at the rate of seven per cent. per annum on all sums unpaid payable semi-annually by coupon, on the second days of January and July, respectively, of each year, until the whole of said principal and interest are paid.

Section 3. THE GLENDALE NEWS, a weekly newspaper of general circulation, published and circulated in said City of Glendale, is hereby designated as the newspaper in which this Resolution and Notice of said street work inviting sealed proposals, shall be published in the manner and form and by the persons required by law.

Trustees, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said City Clerk is hereby directed to publish for two days in said newspaper hereby designated for that purpose, as aforesaid, in the manner and in the form required by law, a Notice of said work inviting sealed proposals or bids for doing said work and referring to the specifications posted or on file. Said Notice shall require a certified check or bond, either, as prescribed by law, and for an amount not less than ten per cent. of the aggregate of the proposals; said City Clerk is also hereby directed to publish this Resolution for two days in the manner required by law, in said newspaper designated for that purpose, as aforesaid.

Adopted and approved this 28th day of October, 1908.
T. W. WATSON,
President of the Board of Trustees of the City of Glendale.

RESOLUTION NO. 198. A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE ORDERING CERTAIN STREET WORK TO BE DONE ON ORANGE STREET.

The Board of Trustees of the City of Glendale do resolve as follows:
Section 1. That the street work herein described is required by the public interest and convenience, and the Board of Trustees of the City of Glendale, State of California, hereby orders the same to be done according to the specifications and plans adopted for said work, and under the direction and to the satisfaction of the superintendent of streets of said City, to-wit: First, That that portion of Orange street from the South line of First street to the North line of Second street, from the South line of Second street to the North line of Third street, and from the South line of Third street to the North line of Fourth street be oiled in accordance with the special specifications for the oiling of Orange street from the South line of First street to the North line of Second street, from the South line of Second street to the North line of Third street, and from the South line of Third street to the North line of Fourth street on file in the office of the City Clerk of the City of Glendale.

Section 2. THE GLENDALE NEWS, a weekly newspaper of general circulation, published and circulated in said City of Glendale, is hereby designated as the newspaper in which this Resolution and Notice of said street work inviting sealed proposals, shall be published in the manner and form and by the persons required by law.

Section 3. The City Clerk of the City of Glendale is hereby directed to post conspicuously for five days on or near the Chamber door of the Board of Trustees, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said City Clerk is hereby directed to publish for two days in said newspaper hereby designated for that purpose, as aforesaid, in the manner and in the form required by law, a Notice of said work inviting sealed proposals or bids for doing said work and referring to the specifications posted or on file. Said Notice shall require a certified check or bond, either, as prescribed by law, and for an amount not less than ten per cent. of the aggregate of the proposals; said City Clerk is also hereby directed to publish this Resolution for two days in the manner required by law, in said newspaper designated for that purpose, as aforesaid.

Commencing Monday, Nov. 16th, and continuing until Nov. 25th, will be "Prosperity Week" in Los Angeles. The object is to advertise home products and to induce the people to buy at home. The merchants will make special displays and prices on home-made goods in order to let the public know that Los Angeles products in many lines are equal or superior to anything made elsewhere and to induce patrons to form the habit of giving the home-made goods preference. It is a commendable project and the principle involved can logically be carried out to advantage in places no larger than Glendale.

When desiring any society or personal mention, or wishing prompt return from advertising, call up Phone 684.

LINES TO A DEARLY BELOVED SON.

I have watched and waited your coming.
My watching has been in vain.
It saddens my heart to give you up.
No look on your face again.
Go home to the loved ones waiting.
To a welcome with aching heart.
To know I have left you here alone.
Oh so many miles apart.

Sad, sad the thought of leaving you.
Beneath that mound of clay.
To know we will never meet again.
Till that great judgment day.
When all are called to render.
An account of the deeds done here.
If our lamps are filled and burning.
We have nothing on earth to fear.

The earthly foes that assail us.
Are merely flying dust.
No earthly thing can harm us.
If in our God we trust.
May our faith be shaken never.
As the trials come thick and fast.
May I have strength to bear them ever.
Till we meet in heaven at last.
MRS. M. J. V.

Every minister and every physician fit to practice medicine, whether for the soul or for the body, knows that cheerfulness, confidence, hope, expectation, and desire are powerful agencies in the maintenance of good health and the healing of diseases. In any wholesome ministrations they who are wise know that all the resources of science and all the devices of invention should be used to the utmost, and that after they have done their best, or while they are doing it, a cheerful mind will double their efficacy. Faith will not set a broken bone, but it will assist greatly in the healing after the surgeon has done his work. A faithful physician once told his patient that nothing but a cheerful confidence kept him from dying of angina pectoris. He said that many patients used up in anxiety, between the attacks of the disease, the strength which would have carried them through. Every physician knows that some people lie down and die with slight ailments who might have lived if they had cared to live or if they had been courageous enough to throw off the misgivings which prepared them for more violent disorders. One man having a cold attends to it with cheerfulness and soon recovers. Another falling into a mood of depression, makes himself a hospital host for the germs of pneumonia, and so dies. Science, common sense, and the ordinary experiences of mankind furnish ample evidence of the remedial value of faith, hope and charity.—Christian Register.

BOOKS PRESENTED TO LIBRARY BY TUESDAY AFTER-NOON CLUB.

To the Ladies of the Tuesday Afternoon Club: Your committee begs to present the following list of books purchased by them for the Glendale Public Library from the proceeds of the several library functions given by Mesdames Hawken, Blackburn and Wells, for such purpose, and would especially call attention to two books of fiction by Olive Thorne Miller and Margaret Collier Graham, included not only because of their own worth, but out of courtesy to these well known authors whom the Tuesday Afternoon Club, because of pleasant personal relations, delights to honor.

ELLA C. WITHAM.
ELEANOR R. BLACKBURN.
LILLIAN S. WELLS.

MOUNTAINS SEEN FROM LOS ANGELES.

On any clear day the mountain peaks and ranges which can be seen from Los Angeles are a magnificent sight. They are best seen in winter, after a rain, when the sky is perfectly clear and the snow makes them stand out in bold relief. On some winter mornings Mt. Lowe and Mt. Wilson, twenty miles away, appear to be only a mile or two distant, and long mountain ranges with towering peaks never seen at other times, can be seen stretching away to the north.

The highest and most noted peaks in sight are:
Mt. Lowe, altitude 3,000 ft.
Mt. Wilson, 6,666 ft.
San Antonio (Old Baldy), 10,080 ft.
San Bernardino, 10,630 ft.
San Geronimo (Old Grayback) 11,485 ft.
San Jacinto, near the Mexican line, 10,805 ft.

Assessment Notice

Pacific Salt and Soda Company, location, principal place of business, 312 Fay Building, Los Angeles, California. Notice is hereby given that at a meeting of the directors held on the 6th day of August, 1908, an assessment Number 2 of one-half cent per share was levied upon the capital stock of the corporation, payable immediately to the secretary, at the office of the company at No. 312 Fay Building, Los Angeles, California. Any stock upon which this assessment shall remain unpaid on the 7th day of September, 1908, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on the 28th day of September, 1908, to pay delinquent assessment, together with the cost of advertising and expense of sale.

JAMES D. NAIRNE,
Secretary of the Company.
Location of the office, 312 Fay Building, Los Angeles, California.

Notice of Postponement

Notice is hereby given that at a special meeting of the Board of Directors held on the 3rd day of September, 1908, a resolution was passed that the time in the above assessment notice upon which assessment became delinquent is extended from the 7th day of September, 1908, to the 21st day of September, 1908, and that the time fixed in the above assessment notice for sale of delinquent stock be extended from the 28th day of September, 1908, to the 12th day of October, 1908, at the hour of 2 p.m. thereof, and the said last mentioned day and hour is hereby fixed as the time when said delinquent stock shall be sold.

By order of the Board of Directors,
JAMES D. NAIRNE,
Secretary of the Pacific Salt and Soda Company.

Notice is hereby given that the time in the above assessment notice upon which assessment became delinquent is extended to the 27th day of October, 1908, and that the time fixed in the above assessment notice for sale of delinquent stock is extended to the 27th day of November, 1908, at the hour of 2 p.m. thereof, and the said last mentioned day and hour is hereby fixed as the time when said delinquent stock shall be sold.

By order of the Board of Directors,
JAMES D. NAIRNE,
Secretary of the Pacific Salt and Soda Company.
Location of the office, 312 Fay Bldg., Los Angeles, California.

Notice is hereby given that the time in the above assessment notice upon which assessment became delinquent is extended to the 27th day of October, 1908, and that the time fixed in the above assessment notice for sale of delinquent stock is extended to the 27th day of November, 1908, at the hour of 2 p.m. thereof, and the said last mentioned day and hour is hereby fixed as the time when said delinquent stock shall be sold.

By order of the Board of Directors,
JAMES D. NAIRNE,
Secretary of the Pacific Salt and Soda Company.
Location of the office, 312 Fay Bldg., Los Angeles, California.

NOTICE OF TRUSTEE'S SALE.

Whereas in a certain Deed of Trust, dated February 1, 1907, executed at Redondo Beach, California, by John McNulty and Nell McNulty, his wife, parties of the first part, the Title Guarantee and Trust Company, a corporation, party of the second part, and Provident Mutual Building-Loan Association, a corporation, party of the third part, in book 2992, page 120, of Trust Deeds, Records of Los Angeles County, California, to which record reference is hereby made; said parties of the first part, John McNulty and Nell McNulty, his wife, did grant and convey the premises therein described to the Title Guarantee and Trust Company as trustee, for the uses and purposes set out in said Trust Deed, among other uses, to secure the payment of one certain promissory note and interest according to the terms of said note, and other sums of money advanced, and interest thereon, the same being made due and payable to Provident Mutual Building-Loan Association, a corporation, the party of the third part.

Whereas, there has been a default in the payment of the monthly installment of interest and premium due and payable on said note for the month of February, 1908, and all subsequent monthly installments, and of the fines levied in accordance with the provisions of the by-laws of said Provident Mutual Building-Loan Association, a corporation, the party of the third part, and of the amount due to the maturity reserve fund, and by reason of such default having continued for a period of more than six months last past, said Provident Mutual Building-Loan Association, in accordance with the provisions of its by-laws and said Trust Deed has declared the full amount of the indebtedness immediately due and payable, there being the total sum of fifteen hundred and fifty dollars (\$1518.50) now due and unpaid.

Whereas, it is provided in said Trust Deed that if there is a default in the payment of any of the principal, interest, or money advanced for any purpose, mentioned as secured by said Deed; that upon application of the party of the third part, or its assigns, the party of the second part shall give notice and sell the premises, or as much thereof as shall be necessary to pay the liabilities unpaid secured by the Trust Deed.

Whereas said Provident Mutual Building-Loan Association, a corporation, the holder of the note secured in said Trust Deed, by reason of the default in payments, as stated, has applied to, and requested the Title Guarantee and Trust Company, party of the second part, to proceed and sell the granted premises, or so much thereof as shall be necessary to pay the whole of the principal, premium, interest, fines levied, money due to maturity reserve fund and interest thereon, attorney fees, all costs, charges and expenses incurred necessary to the execution of said trust, and

Whereas, said Title Guarantee and Trust Company has demanded payment, of said John McNulty and Nell

McNulty, his wife, the sum of fifteen hundred and fifty dollars (\$1518.50) which sum remains due and unpaid.

Now, therefore, notice is hereby given that the Title Guarantee and Trust Company, by virtue of the authority vested in said corporation as trustee, will sell at public auction, to the highest bidder, for cash in gold coin on the 28th day of November, 1908, at the hour of 12 m., of said day, at the western front entrance of the Court House, in the City of Los Angeles, California, all the interest conveyed by said parties of the first part, to the party of the second part by said Trust Deed in and to all the following described property, to-wit: Lot twenty-two (22) in block eighty-three (83) of the City of Redondo Beach, in the County of Los Angeles, State of California, as per map recorded in book 39, page 1, of said Maps, and the Records of said County, or so much thereof as shall be necessary to pay the total amount of the principal, interest, advances, charges and costs accrued, amounting to the sum of seventeen hundred dollars (\$1700) due and unpaid.

In witness whereof the Title Guarantee and Trust Company has duly authorized this notice, by the signature of its vice-president, attested by the secretary, who has affixed the corporate seal, at Los Angeles, California, this 23rd day of October, 1908.

E. W. SARGENT,
Vice-President.
L. C. BRAND,
Secretary.

NOTICE OF TRUSTEE'S SALE.

Whereas in a certain Deed of Trust, dated February 13, 1906, executed at Los Angeles, California, by John H. Scott, a single man, party of the first part, the TITLE GUARANTEE AND TRUST COMPANY, a corporation, party of the second part, and Provident Mutual Building-Loan Association, a corporation, party of the third part, in book 2597, page 212, of Trust Deeds, Records of Los Angeles County, California, to which record reference is hereby made; said party of the first part, John H. Scott, a single man, did grant and convey the premises therein described to the TITLE GUARANTEE AND TRUST COMPANY as trustee, for the uses and purposes set out in said Trust Deed, among other uses, to secure the payment of one certain promissory note and interest according to the terms of said note, and other sums of money advanced, and interest thereon, the same being made due and payable to Provident Mutual Building-Loan Association, a corporation, the party of the third part.

Whereas, there has been a default in the payment of the monthly installment of premium and interest due and payable for the month of November, 1907, and all subsequent monthly installments due on said note, and of the fines levied and assessed in accordance with the provisions of the by-laws of said Provident Mutual Building-Loan Association, and by reason of such default having continued for a period of more than six months last past, said Provident Mutual Building-Loan Association, in accordance with the provisions of its by-laws and said Trust Deed, declared the full amount of the indebtedness immediately due and payable, there being the total sum of thirteen hundred and twenty dollars (\$1302.20) now due and unpaid.

Whereas, it is provided in said Trust Deed that if there is a default in the payment of any of the principal, interest, or money advanced for any purpose, mentioned as secured by said Deed; that upon application of the party of the third part, or its assigns, the party of the second part shall give notice and sell the premises, or as much thereof as shall be necessary to pay the liabilities unpaid secured by the Trust Deed.

Whereas said Provident Mutual Building-Loan Association, a corporation, the holder of the note secured in said Trust Deed, by reason of the default in payments, as stated, has applied to, and requested the TITLE GUARANTEE AND TRUST COMPANY, party of the second part, to proceed and sell the granted premises, or so much thereof as shall be necessary to pay the whole of the principal, premium, interest, fines levied, and interest thereon, attorney fees, all costs, charges and expenses incurred necessary to the execution of said trust, and

Whereas, there has been a default in the payment of the principal, interest, or money advanced for any purpose, mentioned as secured by said Deed; that upon application of the party of the third part, or its assigns, the party of the second part shall give notice and sell the premises, or as much thereof as shall be necessary to pay the liabilities unpaid secured by the Trust Deed.

Whereas said Provident Mutual Building-Loan Association, a corporation, the holder of the note secured in said Trust Deed, by reason of the default in payments, as stated, has applied to, and requested the Title Guarantee and Trust Company, party of the second part, to proceed and sell the granted premises, or so much thereof as shall be necessary to pay the whole of the principal, premium, interest, fines levied, money due to maturity reserve fund and interest thereon, attorney fees, all costs, charges and expenses incurred necessary to the execution of said trust, and

Whereas, said Title Guarantee and Trust Company has demanded payment, of said John McNulty and Nell

RESOLUTION No. 200.

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DECLARING ITS INTENTION TO IMPROVE A CERTAIN PORTION OF GENEVA STREET.

The Board of Trustees of the City of Glendale do resolve as follows:

SECTION 1. That the public interest and convenience require and it is the intention of the Board of Trustees of the City of Glendale, State of California, to order the following street work to be done in the City of Glendale, to-wit:

First: That that portion of the roadway of Geneva Street from the South line of First Street to the North line of Second Street, including all intersections of streets, be graded and oiled in accordance with the plans and profiles on file in the office of the City Engineer of the City of Glendale and specifications for grading and oiling of streets on file in the office of the City Clerk of the City of Glendale, said specifications being numbered 10.

Second: That a cement curb be constructed along both lines of the roadway of said Geneva Street from the South line of First Street to the North line of Second Street (excepting such portions of said roadway along which a cement curb has already been constructed to the official line and grade), in accordance with the plans and profile on file in the office of the City Engineer of the City of Glendale and specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Glendale, said specifications being numbered 2.

Third: That a cement sidewalk five (5) feet in width be constructed along each side of said Geneva Street from the South line of First Street to the North line of Second Street (excepting such portions of said streets along which a cement sidewalk five (5) feet in width has already been constructed to the official line and grade), in accordance with the plans and profile on file in the office of the City Engineer of the City of Glendale and specifications for the construction of cement sidewalks on file in the office of the City Clerk of the City of Glendale, said specifications being numbered 1.

SECTION 2. That the Board of Trustees of the City of Glendale hereby finds upon estimates directed to be furnished by the City Engineer, that the costs of said improvements will be greater than fifty cents per front foot along each side of said street, including the cost of intersections, and it is hereby determined in pursuance of an Act of the Legislature of the State of California, approved February 27, 1893, as amended by an Act of the Legislature of the State of California, amending said last named Act, that bonds shall be issued to represent the cost of said improvement.

Said bonds shall be serial, extending over a period of ten years from their date, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year after their date, until the whole are paid, and said bonds shall bear interest at the rate of seven per cent, per annum on all sums unpaid, payable semi-annually, by coupon, on the second days of January and July of each year.

SECTION 3. THE GLENDALE NEWS, a weekly newspaper of general circulation, published and circulated in said City of Glendale, is hereby designated as the newspaper in which this Resolution of Intention, and notice of the passage thereof, shall be published in the manner and by the persons required by law.

SECTION 4. The Superintendent of Streets of said City is hereby directed to post notices of the passage of this Resolution in the manner and in the form required by law, and to cause a similar notice to be published by one insertion in said newspaper in the manner required by law.

SECTION 5. The City Clerk of said City of Glendale is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the Board of Trustees, and to cause the same to be published by two insertions in the manner required by law, in said newspaper.

Adopted and approved this 28th day of October, 1908.

T. W. WATSON,
President of the Board of Trustees of the City of Glendale.

RESOLUTION No. 196.

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE ORDERING CERTAIN STREET WORK TO BE DONE ON MAPLE STREET.

The Board of Trustees of the City of Glendale do resolve as follows:

SECTION 1. That the street work herein described is required by the public interest and convenience, and the Board of Trustees of the City of Glendale, State of California, hereby orders the same to be done according to the specifications and plans adopted for said work, and under the direction and to the satisfaction of the superintendent of streets of said City, to-wit:

First: That that portion of Maple street from the east line of Central street to the west line of Brand boulevard and from the east line of Brand boulevard to the west line of Glendale avenue, including all intersections of streets (excepting such portion of said street and intersections as are required by law to be kept in order or repair by any person or company having railroad tracks thereon), be graded and oiled in accordance with plans and profiles on file in the office of the City Engineer and specifications for the

qu岸ed by law to be kept in order or repair by any person or company having railroad tracks thereon) be graded and oiled in accordance with the plans and profiles on file in the office of the City Engineer, and specifications for the construction of graded and oiled streets on file in the office of the City Clerk of the City of Glendale, said specifications being numbered 10.

Second: That a cement curb be constructed along both sides of the roadway of said Maple street from the east curb line of Central avenue to the west line of Brand boulevard and from the east line of Brand boulevard to the west line of Glendale avenue, including returns at all street intersections (excepting along such portions of the line of said roadway upon which a cement curb has already been constructed to the official line and grade) in accordance with the specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Glendale, said specifications being numbered 2.

Third: That a cement sidewalk five feet in width be constructed along each side of said Maple street from the east curb line of Central avenue to the west line of Brand boulevard and from the east line of Brand boulevard to the west line of Glendale avenue (excepting such portions of said Maple street between said points along which a cement sidewalk four (4) feet or more in width has already been constructed to the official line and grade), said sidewalk to be constructed according to the specifications for cement sidewalks on file in the office of the City Clerk of the City of Glendale, said specifications being numbered 1.

SECTION 2. That the Board of Trustees of the City of Glendale finds upon estimates directed to be furnished by the City Engineer that the total cost of said improvement will be greater than fifty cents per foot along each line of said street, including the cost of intersections, and it is hereby determined, in pursuance of an Act of the Legislature of the State of California, approved February 27, 1893, as amended by an Act of the Legislature amending said last named Act, which amending Act became a law March 2, 1899, that bonds shall be issued to represent the cost of said improvement.

Said bonds shall be serial, extending over a period of ten years from their date, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year after their date, until the whole are paid, and said bonds shall bear interest at the rate of seven per cent, per annum on all sums unpaid, payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, until the whole of said principal and interest are paid.

SECTION 3. THE GLENDALE NEWS, a weekly newspaper of general circulation, published and circulated in said City of Glendale, is hereby designated as the newspaper in which this Resolution and Notice of said street work inviting sealed proposals, shall be published in the manner and form and by the persons required by law.

SECTION 4. The City Clerk of the City of Glendale is hereby directed to post conspicuously for five days on or near the Chamber door of the Board of Trustees, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said City Clerk is hereby directed to publish for two days in said newspaper hereby designated for that purpose, as aforesaid, in the manner and in the form required by law, a Notice of said work inviting sealed proposals or bids for doing said work and referring to the specifications posted or on file.

Said Notice shall require a certified check or bond, either, as prescribed by law, and for an amount not less than ten per cent. of the aggregate of the proposals; said City Clerk is also hereby directed to publish this Resolution for two days in the manner required by law, in said newspaper designated for that purpose, as aforesaid.

Adopted this 28th day of October, 1908.

RESOLUTION No. 195.

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE ORDERING CERTAIN STREET WORK TO BE DONE ON ORANGE GROVE AVENUE.

The Board of Trustees of the City of Glendale do resolve as follows:

SECTION 1. That the street work herein described is required by the public interest and convenience, and the Board of Trustees of the City of Glendale, State of California, hereby orders the same to be done according to the specifications and plans adopted for said work, and under the direction and to the satisfaction of the superintendent of streets of said City, to-wit:

First: That that portion of the roadway of Orange Grove avenue from the easterly line of Glendale avenue to the westerly line of Everett street, and from the easterly line of Everett street to the westerly line of Cedar street, including all intersections of streets (excepting such portions of said street and intersections as are required by law to be kept in order or repair by any person or company having railroad tracks thereon), be graded and oiled in accordance with plans and profiles on file in the office of the City Engineer and specifications for the

construction of graded and oiled streets on file in the office of the City Clerk of the City of Glendale, said specifications being numbered 10.

Second: That a cement curb be constructed along the lines of the roadway of said Orange Grove Avenue from the easterly line of Glendale avenue to the westerly line of Adams street (excepting along such portions of the line of the said roadway upon which a cement curb has already been constructed to the official line and grade), in accordance with specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Glendale, said specifications being numbered 2.

Third: That a cement sidewalk four (4) feet in width be constructed along each side of said Orange Grove avenue from the easterly line of Glendale avenue to the westerly line of Adams street (excepting such portions of said Orange Grove avenue along which a cement sidewalk four (4) feet in width has already been constructed to the official line and grade), said sidewalk to be constructed according to specifications on file in the office of the City Clerk of said City of Glendale, said specifications being numbered 1, excepting, however, that the sidewalk shall be four (4) feet in width instead of five (5) feet as specified in said specifications.

SECTION 2. THE GLENDALE NEWS, a weekly newspaper of general circulation, published and circulated in said City of Glendale, is hereby designated as the newspaper in which this Resolution and Notice of said street work inviting sealed proposals, shall be published in the manner and form and by the persons required by law.

SECTION 3. The City Clerk of the City of Glendale is hereby directed to post conspicuously for five days on or near the Chamber door of the Board of Trustees, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said City Clerk is hereby directed to publish for two days in said newspaper hereby designated for that purpose, as aforesaid, in the manner and in the form required by law, a Notice of said work inviting sealed proposals or bids for doing said work and referring to the specifications posted or on file. Said Notice shall require a certified check or bond, either, as prescribed by law, and for an amount not less than ten per cent. of the aggregate of the proposals; said City Clerk is also hereby directed to publish this Resolution for two days in the manner required by law, in said newspaper designated for that purpose, as aforesaid.

Adopted and approved, this 28th day of October, 1908.

monies afforded entertainment. In a guessing contest Miss Edna Burton and Fred Lehman received first prize.

The Palm Leaf Club will entertain with a kitchen shower, Saturday evening, Nov. 14, at the home of Mrs. J. A. Swall, complimentary to Miss Cora Myers, whose wedding to Fletcher W. Pomeroy will take place the 24th of this month at the home of the bride. Both young people are well known here and have a host of friends. A number of other functions are being planned for the popular bride-elect.

The Ladies' Aid of the Methodist church held a special meeting in the church parlors, Thursday afternoon. The ladies presented to Mrs. T. Story a silver berry spoon and vase, and to Mrs. A. O. Kendall a punch bowl for their faithfulness to the Aid. The following officers were elected: President, Mrs. F. L. Cole; vice president, Mrs. A. O. Kendall; treasurer, Mrs. Mrs. Jack Anderson; secretary, Mrs. J. Hogan.

Rev. N. J. Burton and family were tendered a reception in the Methodist church parlors Friday evening. The following program was rendered: Prayer by Rev. Pomeroy; "Welcome to the Pastor by the Church," C. W. Fairburn; "Welcome to the Pastor of the Sunday School," by W. E. Kirkpatrick; violin solo by Will Wycoff; recitation by Constance King; vocal solo, Ed Pomeroy; recitation, Gladys Schnoor; vocal solo, Miss Jessie Hart; response, Rev. N. J. Burton. Very dainty and delicious refreshments were enjoyed by seventy-five guests.

Miss Minnie Schelling entertained delightfully with progressive euchre at her home, Saturday evening. The evening. The living room and spacious dining room were artistically decorated in yellow and green. The score cards were decorated with wittches, done in water colors. Prizes were captured by Mrs. H. W. Roscou, Mrs. Gillen, Mr. Geo. H. Wood and Martin Pupka. A very elaborate collation was served. Guests included Mr. and Mrs. Martin Pupka, Mr. and Mrs. John Orth, Mr. and Mrs. Victor Lemar, Mr. and Mrs. E. A. Fischer, Mr. and Mrs. F. Griswold, Mr. and Mrs. John Radcliffe, Mr. and Mrs. R. O. Church, Mr. and Mrs. J. W. Fawkes, Mr. and Mrs. H. W. Roscou, Mrs. Gillen, Miss Elvayn Wood, Messrs. W. A. Coon and E. A. Dufur.

TROPICO

J. J. Laws has begun the erection of a modern handsome bungalow in the Ayers' Vineyard tract, on Brand boulevard.

O. A. Gallup and family are occupying W. A. Thompson's residence at the corner of Central avenue and Cypress street.

Mrs. J. J. Edelmann, who has been visiting in San Francisco and Oakland, the past fortnight, returned home Friday.

Andy Stephenson having purchased a valuable building lot of C. H. Shen of "Los Flores," is erecting a modern residence on same to be occupied by Mr. Stephenson and family when completed.

L. C. Rice, a prominent and successful nursery man of the valley, returned from a few days' business trip to Porterville in due time, to cast his vote with the majority, who voted a ticket that was not lost.

Thomas Clarke, a former resident of Tropic, but who has been spending the past few years at his mining properties near Parker, Ariz., and along the Colorado River, visited a number of his Tropic friends the past week.

Mr. and Mrs. W. A. Thompson and Miss Adaline Thompson departed Friday for Yuma, Ariz., where they will reside indefinitely. This interesting family will be very much missed by a large circle of friends and acquaintances.

Mr. George Leitch and his bride, formerly Miss Frances Erskine, have returned from their honeymoon trip and were the guests of Mrs. Leitch's mother, Mrs. Katherine Erskine, the latter part of the week, previous to their departure for their home at San Pedro.

There will be a meeting of the Tropic Improvement Association at Logan's Hall on Wednesday evening next at 8 o'clock sharp. The business for consideration will be the opening of Brand Boulevard to San Fernando road. R. W. Pridham, supervisor-elect, will be present. This will be an important meeting. All come.

Mrs. John Lee Kirkham, of Park avenue, who has been visiting her parents, Prof. and Mrs. William Kirkham, at El Monte, returned to Tropic the latter part of the week for a farewell visit to her friends here, previous to her departure for Laguna Dam, where she will join Mr. Kirkham, who has been located at Laguna Dam the past month.

The Good Templars, under the direction of Mrs. L. C. Rice, one of the most ardent and zealous of workers, will give an open meeting at G. A. R. hall, Friday evening, November 13. A most interesting program will be rendered. Violin solos, readings and a boys' chorus of eight or ten voices will add much to the program. Following the musical and literary program dainty refreshments will be served. All interested in the Good Templars and the work they have accomplished in the valley are urged to be present. Come and enjoy a kindly word of encouragement and assist in the good work.

Mr. and Mrs. J. C. Young of Oklahoma City, who have been the house guests of Mr. and Mrs. James R. Maxwell, of Park avenue, the past two months, returned to their home Wednesday. Mr. and Mrs. Young, while guests of Mr. and Mrs. Maxwell, visited all the various places of interest in Southern California. Last Mr. Young has failed and not visited all, he contemplates purchasing one of the pretty villas in Tropic and returning to reside here permanently, and then, if he and Mrs. Young have overlooked any of the numerous places of interest they will enjoy the same with their two charming daughters.

HAY RACK PARTY.

On an eminence commanding a magnificent view of mountains and valley, pleasantly located on a twenty-acre tract on West Park avenue, has been recently erected a pretty bungalow, which, ere long will be occupied by Mr. Edward Weston and bride, Miss Flora May Chandler. Wednesday this cozy bungalow was the scene of a most merry gathering of fifty or more of Miss Chandler's lady friends, in response to invitations bearing a pretty cut of the bungalow. The guests were conveyed to the bungalow on hay racks and when they arrived each lady having provided herself with piece of needlework, and ere long a handsome quilt, each block bearing the embroidered initials of a guest, was completed. An elaborate luncheon was served and one of the most delightful pre-nuptial events given for Miss Chandler was enjoyed. The guests lingered long after the sun had passed beyond the mountain tops, and until the curtain of night was drawn and fastened with a star.

MINSTREL SHOW.

The ladies minstrel show which was given in the G. A. R. hall, a few weeks since, with such well-merited success,

under the auspices of the ladies of N. P. Banks W. R. C. and ladies of the Tropic Library committee, will repeat the entertainment in the I. O. O. F. hall, Hurst block, Glendale, Saturday evening, Nov. 28, for the benefit of the Good Templars' lodge of the valley. Much interest is being manifested by the participants and their numerous friends and the repetition of this novel entertainment bids fair to lose none of its charm, interest and a crowded house is predicted.

The young people's society of the Christian church gave a very interesting entertainment at G. A. R. hall, Friday evening. This society has but recently been organized in the valley and gives promise of becoming one of the most interesting and active church societies of young people which has been organized recently.

AFTERMATH.

A. M. Watson, chairman of the Republican committee of Tropic, is quite jubilant over the election held in Logan's hall, Tuesday. Although there was quite a little scratching of ballots, the work of counting continued rapidly and was completed shortly after noon Wednesday. There were 412 votes of the 511 registered, cast. Taft received 247; Bryan 113; Hise 3; Debs 36; Chaffin 36; Melvin 243; Murasky 118; McLachlan 211; Rush 142; Assemblymen, H. G. Cattell 232; George P. Correy 113; Judges, Wilbur 260; Willis 233; Monroe 241; Conrey 248; Stephens 138. Supervisor, R. W. Pridham 225; Anthony Schwamm 111. Senate constitutional amendment No. 1, yes 94, no 190. Senate No. 14, yes 118; no 133. Senate No. 31, yes 133; no 97. Assembly No. 24, yes 55; no 164. Capitol removal, yes 77; no 215. Liquor licenses, yes 90; no 186.

CLUB RECEPTION.

The important event in Tropic society last week was the reception given by the officers of the Thursday Afternoon Club. The home of Mrs. A. W. Collins was uniquely decorated with huge yellow pumpkins filled with cysanthemums and red leaves of the woodbine. Tea and cakes were served during the afternoon. About seventy-five ladies enjoyed the excellent program consisting of instrumental selections by Miss Augsberger, Miss Helen Chase, Mrs. Bartlett and Mrs. Cushing. Vocal solos by Miss Flora Chandler, Miss Crystal Waters and Miss Evalena Ayers, and reading by Miss Morton and Mrs. Cummings from the Cumnock school, Los Angeles.

ASSEMBLY DANCES.

Mesdames Seaman, Morgan, Lynch, Webster, Barker and Bert Richardson, the committee, announcing dances to be given at Logan's hall, Tropic, on the following dates: November 20, December 18 and January 15. Admission to subscribers only. No tickets sold at the door. These dances are for the benefit of the Tropic Library Building fund.

SOME TOASTS.

Here's to William Jennings Bryan who gets not there but keeps on tryin' Hope springs eternal in his breast. Thanks William J.—now let us rest.

Here's to William Howard Taft. The foe to humbug and of graft. He lives to do things quite worth while Here's to you William—let us smile.

Here's to Mr. Chairman Mack. A man with most peculiar bias. Who lets no imagery lack in emulating Ananias!

And here's to Teddy Roosevelt, who put Taft in nomination, And wrote those pungent letters, too, which caused us much elation. And did a lot of other things. Quite well worth emulation.

ADVERTISING PAYS.

One ad in this paper, week before last, inserted but once, and costing forty-five cents, sold for the advertiser a large stock of various goods and fixtures. Another in last week's paper, costing 25 cents, brought a lost article back to the owner within half an hour after the paper was out in the post-office. Advertising pays and we are in frequent appreciative evidence from our patrons as to specific instances of the fact. The merchant who tries to get along without advertising is like the farmer Josh Billings used to tell about who sat down in the pasture and waited for the cows to back up and be milked—but he went home with an empty pail.

PRESBYTERIAN LADIES ENTERTAINED.

Presbyterian ladies and their friends enjoyed a pleasant afternoon Thursday with Mrs. Frank Albright on Orange street, and her mother, Mrs. Mary Fiske. The affair was a "swap social" and the "swaps" caused plenty of fun and laughter. White cysanthemums graced the drawing room and in the dining room where fruitade and wafers was served, the table was very pretty in greenery and beautiful red and white roses. There was a good attendance.

FIREMEN'S BALL.

The ball given by the firemen Friday evening of last week was a great success. The new hall of the Odd Fellows was appropriately decorated for the occasion and all the arrangements worked out harmoniously. The attendance was large, about as many as the hall could comfortably accommodate, spacious as it is. The music was good and the dancing was enjoyed to its limit by the large number of participants.

DEATH OF MRS. BUNDY.

The final funeral service at the new Catholic church was held Wednesday morning last over the remains of Mrs. Bundy, who died last Monday morning at her late residence, corner of Fourth and Pacific streets. Mrs. Bundy was 77 years of age, and leaves a husband, son and daughter. Death was hastened if not caused by a fall which Mrs. Bundy had two or three months ago.

THE ELECTION NIGHT SUPPER.

The supper given by the Ladies' Aid society of the Methodist Church in the Watson block, Tuesday evening, was a great success, financially and otherwise. The supper itself was an excellent one and the demand was equal to the supply, the room being crowded at times by hungry politicians and others.

RESOLUTION OF INTENTION NO. 202.

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DECLARING ITS INTENTION TO IMPROVE A CERTAIN PORTION OF BELMONT STREET.

The Board of Trustees of the City of Glendale do resolve as follows: Section 1. That the public interest and convenience require and it is the intention of the Board of Trustees of the City of Glendale, State of California, to order the following street work to be done in the City of Glendale, to-wit:

First: That that portion of the roadway of Belmont street from the south line of First street to the north line of Second street and from the south line of Fourth street to the north line of Fifth street be graded and oiled in accordance with the plans and profiles on file in the office of the City Engineer of the City of Glendale and specifications for grading and oiling of streets on file in the office of the City Clerk of the City of Glendale, said specifications being numbered 10.

Second: That a cement curb be constructed along each line of the roadway of said Belmont street from the south line of First street to the north line of Second street and from the south line of Fourth street to the north line of Fifth street (excepting along such lines of said roadway along which a cement curb has already been constructed) in accordance with the plans and profile on file in the office of the City Engineer of the City of Glendale and specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Glendale, said specifications being numbered 2, except, however, that the outer face of the curb on the west side of Belmont street between the south line of First and the north line of Second streets shall be placed eight (8) feet from the property line instead of ten (10) feet as specified in said specifications.

Third: That a cement sidewalk five (5) feet in width shall be constructed along the east side of Belmont street from the south line of First street to the north line of Second street, and a cement sidewalk four (4) feet in width be constructed along the west side of Belmont street from the south line of First street to the north line of Second street, and along both sides of Belmont street from the south line of Fourth street to the north line of Fifth street (excepting such portions of Belmont street along which a cement sidewalk four (4) feet or more in width has already been constructed) to the official line and grade, in accordance with the plans and profile on file in the office of the City Engineer of the City of Glendale, and specifications for the construction of cement sidewalks on file in the office of the City Clerk of the City of Glendale, said specifications being numbered 1, except that the four (4) foot cement sidewalk shall be placed six (6) inches

from the property line instead of as specified in said specifications.

Section 2. That the Board of Trustees of the City of Glendale hereby finds upon estimates directed to be furnished and furnished by the City Engineer, that the costs of said improvements will be greater than fifty cents per front foot along each side of said street, including the cost of intersections, and it is hereby determined in pursuance of an Act of the Legislature of the State of California, approved February 27, 1893, as amended by an Act of the Legislature of the State of California, amending said last named Act, which amending Act became a law March 2, 1899, that bonds shall be issued to represent the cost of said improvements; said bonds shall be serial, extending over a period of ten years and an even proportion of the principal sum of such bonds shall be payable annually by coupon on the second day of January of each year after their date, until the whole are paid, and said bonds shall bear interest at the rate of seven (7) per cent, per annum on all sums unpaid; payable semi-annually by coupon, on the second day of January and July of each year.

Section 3. THE GLENDALE NEWS, a weekly newspaper of general circulation, published and circulated in said City of Glendale, is hereby designated as the newspaper in which this Resolution of Intention, and notice of the passage thereof, shall be published in the manner and by the persons required by law.

Section 4. The Superintendent of Streets of said City is hereby directed to post notices of the passage of this Resolution in the manner and in the form required by law, and to cause a similar notice to be published by one insertion in said newspaper in the manner required by law.

Section 5. The City Clerk of said City of Glendale is hereby directed to post this Resolution of Intention conspicuously for two days on or near the Chamber door of the Board of Trustees, and to cause the same to be published by two insertions in the manner required by law, in said newspaper.

Adopted and approved this 4th day of November, 1908.

T. W. WATSON, President of the Board of Trustees of the City of Glendale.

Attest: G. B. WOODBERRY, City Clerk of the City of Glendale.

STATE OF CALIFORNIA.) ss.

CITY OF GLENDALE.)

I, G. B. WOODBERRY, City Clerk of the City of Glendale, do hereby certify that the foregoing Resolution was duly adopted by the Board of Trustees of the City of Glendale, State of California, and signed by the President of said Board at a regular meeting thereof, held on the 4th day of November, 1908, and that the same was passed by the following vote, to-wit:

Ayes: Anderson, Blackburn, Cole, Grant, Watson.

Noes: None.

G. B. WOODBERRY, City Clerk of the City of Glendale.

Delinquent Notice

PACIFIC SALT AND SODA COMPANY Location of principal place of business, City of Los Angeles, County of Los Angeles, State of California.

NOTICE—There is delinquent stock, on account of assessment No. 2, levied on the 6th day of August, 1908, the several amounts set opposite the names of the respective shareholders, as follows:
